

Lady Isabella's Afternoon Tea

Our lovely Lady Isabella married Mr Alexander Skipton of Beech Hill back around the 1750's, but a marriage made it was not.

Arranged and possibly deranged Isabella spent 7 years of the marriage in complete silence with a grumpy Alexander, and she threw herself into her love of baking delicious delicacies for her neighbours and growing what is the some of the amazing gardens we have today at Beech Hill!

Inspired by, and an ode to Lady Isabella we created our delicious Afternoon Tea in her honour – easy on the eye and promises to satisfy.... unlike her husband.

Want to feel tipsy?? It sure helped Lady Isabella! Upgrade to one of our handmade Gin Cocktails or Glass of Bubbles!
